

Repeated Readings

Objective: ... read both regular and irregular words automatically such as through multiple opportunities to read and reread

Listen as your teacher reads part of a story aloud to you. Discuss the story and talk about what you liked best about it. Then read the story as fast as you can for one minute, making as few mistakes as possible. **Your teacher will stop you after ONE MINUTE.** At the end, your teacher will let you count the words you read and will put a dot on the line or space showing how many words you read. Your teacher will put an X in the **same** column to show the number of mistakes you made. Practice reading it whenever you can. Then, read it for another ONE MINUTE with your teacher! Do this 7 times or until you read 64 words perfectly in one minute! Then, begin at a different place in the book for your next REPEATED READING. Each time, you will find that you are getting **faster** and **more accurate** as you read! That is called FLUENCY!
